About EUSOLAG European Solar AG

EUSOLAG European Solar AG is a asset owner of photovoltaic farms across Europe headquartered in Frankfurt am Main. The company is focused on building an attractive portfolio of photovoltaic parks across Europe. The Company acts as an Asset Manager for Institutional Investors in the Utility-scale segment above 50MWp and capital need of above EUR 30MM. As a buy-and-hold operator, the company aims to maintain a steady value growth with positive cash-flow. EUSOLAG keeps a lean management structure, whereby staff-intensive activities are outsourced to third parties while closely managed by EUSOLAG.
